SUPER GRANNY IN-A-BOX

The grandkids are coming for a few days and you need to keep them busy. Here are some back to basics theme-based activity kits that focus on using creativity and imagination. The kits come complete with supplies and instructions for crafts (for 2 children), games, songs, poems, snack/meal ideas and inside and outside adventures.

These kits do the groundwork for you. All you have to do is open the box. They're organized day by day with an activity calendar and all the supplies you'll need (with the exception of recipe ingredients).

There are also educational benefits. Each kit is theme-based, as young children are always looking for meaningful relationships in their environment. Studying themes promotes development of concepts rather than unrelated facts. Each activity within the kit focuses on at least one specific developmental skill (i.e.: fine motor, gross motor, cognitive, social/language/creative, or sensory).

They also make a great gift for all those grandchildren on your list that you just don't know what to buy for. You'll make a parent's life easier too, if you're willing to give up the secret to your Super Granny status.

Fun-In-A-Box kits are currently available on line at www.funinboxcanada.com.
